REVIEW

Following information shall be included:

1. Article title, author's full name and work position

Example:

REVIEW

Candidate of Pedagogical Sciences, TSTU Foreign Languages Department Associate Professor, Ryabtseva Elena Viktorovna

2. Brief description of the problem addressed by the article

Example:

The article by E. V. Ryabtseva addresses identification of the main functions and importance of university technical students' skills and knowledge control.

3. Article relevance

Example:

The relevance of this article is beyond doubt, as verification and evaluation of technical students' language knowledge and skills is a very important and necessary part of the educational process. Mastering the technique of knowledge testing is one of the important and difficult tasks a teacher can face.

4. The most important aspects revealed by the author in the article

Example:

The author made an effort to determine the functions of feedback and control in teaching of foreign language to technical students. It is also important that E.V. Ryabtseva is talking about the necessity to change the role of the teacher in the process of English teaching to technical students, as a university teacher ceases to be the main source of information, a teacher should shape rather than manage the training process.

5. Recommendation for publication.

Example:

The article Technical Students Foreign Language Training Control by E. V. Ryabtseva meets all the requirements for this kind of publication. This article can be recommended for publication.

6. Academic title, academic degree, affiliation, position, full name, seal and signature of the reviewer
